

Bob Lalonde Named Fenzi North America's National Sales Manager

Posted on April 7, 2015 by News Editor

Fenzi North America has appointed Bob Lalonde, based in Montreal, Quebec, its new national sales manager.

"Bob joined Fenzi North America last spring and has showed a strong commitment to his customers throughout all of Canada, ensuring Fenzi's place in the marketplace is well-represented," says general manager David Devenish.

Italy-based Fenzi s.p.a is a leader in providing chemicals for the glass processing industry, with its Toronto facility focusing on insulating glass (IG) components. Fenzi North America manufactures polysulfide at its Toronto facility while distributing a complete line of other sealants and components used for day-to-day IG production.

"With Bob's extensive background in IG sealants, his knowledge and support to all his customers has proven invaluable as we move forward with our expansion plans," says Devenish. "The recent opening of our warehouse in LaSalle, Quebec, is the first step under Bob's direction. Bob's experience in the sealant industry and his dedication to servicing his customers' sealant needs is exactly the philosophy that we want to bring to all of our customers."

Adds Lalonde, "I really enjoy being part of the Fenzi team and am thrilled to be working with such a customer-oriented company. I'm thrilled to be bringing 'the Fenzi way' to my customers and friends throughout the industry."

Bob Lalonde
